Report of Principal and School Improvement Council

The faculty and staff at J.L. Cain Elementary are committed to meeting the academic, social, and physical needs of each student. A strong support system with the PTO, School Improvement Council, Title 1 Committee, and parent and community volunteers partner with Cain to provide a safe, positive, and challenging learning environment.

J. L. Cain is a Title I school focused on providing best educational practices to enhance student learning in English language arts, math, science, social studies and thinking skills. Professional development opportunities that meet teachers/students needs are supported and provided throughout the school year and summer. Teachers are encouraged to continue professional growth by attending conferences, workshops, book talks, and grade level planning meetings. Teachers becoming more knowledgeable of best educational practices have a positive influence on student achievement.

The South Carolina Curriculum Standards are the foundation and focus of Cain Elementary School's curriculum. J.L. Cain's curriculum and instruction include a balanced literacy model, math problem solving and spiraling, higher order thinking and reasoning skills, character education, technology integration, collaborative learning, and a positive approach to discipline. This year an ELA transition class was added in first grade to provide more emphasis on remediation for struggling readers.

Many service-learning projects were provided during the school year to assist students in building character and becoming good citizens of the community. Students, parents, and staff participated in collecting canned goods for needy families, Operation Christmas Child, Math-A-Thon for St. Jude Children's Hospital, American Cancer Society Relay for Life, collecting items for a local nursing home, and collecting food and supplies for the local animal shelter.

Cain Elementary offered opportunities for students to participate in extra-curricular activities: field trips, art exhibitions, musical performances, field day, book club, computer lab, library helpers, artist-in-residence, and Fine Arts Night. These activities helped to instill a sense of pride and respect for self, others and the school.

The faculty and staff communicated with parents through newsletters, email, school web page, conferences, workshops, memos and progress reports. Feedback from parent surveys provided input about Cain's total educational program.

J. L. Cain Elementary School will continue to work with the stakeholders to provide a strong academic learning environment that meets the needs of all students.

Judy Flowers, School Improvement Council Chairperson
